Terms and Conditions

OFFICIAL FORM: This form and any required additional documentation, including installation invoice, must be filled out completely, truthfully and accurately. The Northwest Ductless Heat Pump Project ("the Project") will not be responsible for lost documentation pertaining to the submission of this form. Project details, including incentives, are subject to change without prior notice.

HOMEOWNER ELIGIBILITY: To be eligible for Project participation and incentive payment, the resident must: (i) have occupied the home for at least the past year and expect to occupy the home for the next two years, (ii) allow their utility to make their billing history available to the Project for up to two years prior to and two years post installation, (iii) agree to participate in Project and evaluation activities, (iv) be an existing single-family home (4 units or less) (v) use permanently-installed electric resistance heating as primary source of heat. In addition, participating homes cannot: (i) be new construction, (ii) have a fossil fuel central forced-air ducted or hydronic heating systems, nor (iii) have natural gas service to the home.

SYSTEM ELIGIBILITY: To be eligible for incentive payment, ductless heat pumps installed as part of the Project must be: (i) a split system heat pump employing an inverter-driven, variable speed compressor, a variable speed outdoor fan, and a multi-speed or variable speed indoor blower, and (ii) installed with the indoor unit in the main living area of the house. Additionally, indoor units using any type of field-installed duct system are NOT eligible.

CONTRACTOR ELIGIBILITY: Contractors must be licensed bonded and insured, have successfully completed manufacturer sponsored training for equipment being installed and the Project orientation.

VERIFICATION AND INSPECTION: Participating homes are subject to onsite inspections in order to verify that the system meets Project standards and that the home meets eligibility guidelines. Systems will be randomly chosen for onsite inspection, based on the number of completed installations by the contractor. No warranty is implied by this inspection.

INCENTIVE PAYMENT: The Project will approve utility incentive payment upon receipt of all complete and correct documentation. The Project will provide approved incentive payment information to the appropriate utility for payment. One incentive per residence is available regardless of the number of units installed in the home.

FACSIMILE/SCANNED: Facsimile transmission of any signed original document, and the retransmission of any signed facsimile transmission, shall be the same as delivery of the original signed document. Scanned original documents transmitted to the Project as an attachment via electronic mail shall be the same as delivery of the original signed document. At the request of the Project, the Participant shall confirm documents with a facsimile transmitted signature or a scanned signature by providing the original document.

TAX LIABILITY: Neither the Project nor the contractor is responsible for any tax liability, which may be imposed on the Participant as a result of payment of any incentives or as a result of obtaining financing.

DISCLAIMER/NO LIABILITY: The Participant understands that the Project is not supervising work performed for the Participant and is not responsible for proper completion of that work or proper performance of any products purchased. The Participant assumes the risk of any loss or damage in connection with installation. The Project does not guarantee any particular energy savings results by its approval of the installation.

ENDORSEMENT: The Project does not endorse any particular manufacturer, contractor, or product in promoting Ductless Heat Pumps. The fact that the names of particular manufacturers, contractors, or products may appear on Project materials does not constitute an endorsement. Manufacturers, contractors, or products not mentioned are not implied to be unsuitable or defective in any way.

SAFETY AND BUILDING CODES: The Participant agrees to pursue compliance with federal, state, and local building and environmental codes for the installation of this product. The contractor certifies products have been installed consistent with manufacturer instructions.

PROPERTY RIGHTS: The Participant must have proper authority to install the ductless heat pump system on the designated property, or has obtained any necessary consent from the landlord.

ACCESS AND EVALUATION: The Project and its representatives may request access to the property on which the ductless heat pump system was installed, to review and evaluate the system during and after Project completion. The Participant agrees to provide reasonable access to the property for the purposes described herein.

Homeowner Signature

By signing, the homeowner certifies that he/she is in compliance with the above terms and conditions.
